

Transportation Safety in Arizona – A Brief Overview

Friday, September 26, 2014
3:00pm to 4:30pm

Please join us in College Avenue Commons room 425 📍

Kohinoor Kar, Ph.D., P.E., P.T.O.E.

Arizona Department of Transportation

Kohinoor Kar is a Transportation Safety Engineer and is currently with the Arizona Department of Transportation. He has a doctorate degree in Civil Engineering specialized in the field of transportation safety, and over 25 years of combined experience as a researcher, instructor, consultant and practitioner. He has published a number of research papers in peer-reviewed journals and compendiums, and presented in several national and international conferences. He has taught courses at undergraduate and graduate levels. He serves on several advisory committees/panels at the state as well as the national level.

In his seminar, Dr. Kar will present Transportation Safety in Arizona – A Brief Overview. He is going to briefly discuss updates on the Arizona Strategic Highway Safety Plan (SHSP), some fundamentals of safety, the Highway Safety Manual (HSM), initiatives taken by ADOT for HSM implementation, and an example of HSM application to a state highway project.
